I've attached my comments and alternative language.
Thanks,
Thu

I don't have comment on content, I'm assuming accurate. But there is a missing period in the last "sentence" on the second page, under section, "Drinking Water Sampling Continues to Meet Federal and State Standards."

Third page, first paragraph under, "Process for Selecting Tank Upgrades:" Shouldn't "Administrative Order on Consent" be "Administrative Order of Consent?" If not, disregard comment. This last sentence of the first paragraph is also grammatically awkward. "This information will be used...to ultimately inform the Navy and Hawaii Department of Health and U.S. EPA's determination of how to best upgrade the tanks." Should "'s determination" be deleted?

Minor edits – I accepted all the previous documents changes and did mine.

Thanks!

Subject: New Red Hill Update for Review

Hi Steve and Roxanne, we have drafted another Red Hill newsletter update to share with the public. Please take a look at this draft and let us know if you have any comments or revisions.

Please let us know who the appropriate contact person should be on this update for DOH because Steve is retiring. Is it Roxanne or Lanae (sorry if I spelled that incorrectly)? Can I have her full name?

Let us know if you have any other revisions by COB Friday. We would like to have a version of this to at least hand out when the team is in Hawaii.

Thanks,

Omer Shalev
